

LIMITED LIFETIME WARRANTY

Your Medic Therapeutics Power Bank is backed by a limited lifetime manufacturer's warranty. Medic Therapeutics will repair or replace your device at any time should it fail due to a defect in material or workmanship, subject to the certain limitations.

This limited warranty does not cover any damage that results from unauthorized or improper use, service, or repair. Further, it does not cover damage caused by accident, impact, negligence, or normal wear and tear. Should you discover your Medic Therapeutics Power Bank is not functioning properly, please send your device to our repair center for evaluation. If your product cannot be repaired or serviced, we will reserve the right to change it for a similar or newer model.

Please note that a flat rate of \$35.00 will be charged to cover a service evaluation fee and return shipping of your device. All warranty claims must be accompanied by a copy of your proof of purchase from an authorized retailer. Please send your device, proof of purchase, and a check or money order in the amount of \$35.00 made out to Medic Therapeutics to:

Battery Life	Up to 500 cycle times or more
DC Input	5V 1A (max)
DC Output	5V 1A (max)
Accessory	3-in-1 cable (Lightning/Type C/Micro), Manual

CHARGING PORTS & CABLES:

CHARGING YOUR DEVICES:

1. Connect the USB port of the supplied 3-in-1 cable to the USB port of the power bank.
2. Choose the corresponding charging interface for your device.
3. Once you connect the appropriate cable to your device, charging will commence immediately.

CHARGING THE POWER BANK:

1. Connect the USB port of the supplied 3-in-1 cable to an AC-powered USB adaptor, computer, or laptop.
2. Connect the micro interface cable of the supplied 3-in-1 cable to the power bank.
3. Once connected, a red led light will flash, indicating that the power bank is being charged. The red light will stop flashing and remain illuminated to indicate that the device has been fully charged.

IMPORTANT SAFETY INSTRUCTIONS:

WARNING: When using this product, follow basic precautions, including the following:

- a. Close supervision is necessary when the power bank is used near children to reduce the risk of injury.
- b. Do not place your fingers or hand inside the product.
- c. Do not expose the power bank to any liquids, rain, or snow.
- d. The use of a charger or power supply charger that is not sold/recommended by the power bank manufacturer may result in the risk of fire or injury.
- e. Do not use the power bank in excess of its output rate. Overloading outputs above the total rate may result in the risk of fire or injury.
- f. Do not disassemble the power bank. When service or repair is required, take the battery bank to a qualified service representative. Incorrect reassembly may result in the risk of fire or injury.
- g. Have servicing performed by a qualified representative using only identical replacement parts. This will ensure that the safety of the product is maintained.
